

**WORKSHOP ON TEACHER LEARNING MATERIAL ORGANIZED AT SHAIKH COLLEGE OF  
EDUCATION**

Shaikh College of Education organized workshop on Teacher Learning Material recently at the campus. The objective of the workshop was to orient teacher trainees and develop appropriate context-specific teaching-learning materials which can be used to enhance the quality of the teaching-learning process. Addressing the gathering Mrs. Indira Sutar, Principal, Shaikh College of Education said that few of the possible hurdles that teachers face in doing the activities are – lack of material, lack of confidence, fear of an experiment failing in front of students etc. To overcome these we thought of conducting this TLM workshop where we provide the material, and the space for experimentation and teamwork. The teacher trainees learn working in teams as well as benefit from the models prepared by other teacher trainees, she added.

The teacher trainees' team learnt quite a bit through this workshop. The key learning is that experiments have to be done and the learning we gain especially when things do not turn out the way it is stated in the textbooks is of

incomparable value. Teacher trainees also presented the papers on teaching learning material and explained the importance of teaching learning material in real teaching, how effectively we can use these , how tom prepare, what are the characteristics of it, how it makes teaching process as effective.

The function was concluded with vote of thanks by Anand Madar.
